ONAREP

ORDER ENTRY SYSTEM - SETUP REPETITIVE SHIPMENTS BY WEEK DAY

»Origin Service Center... LAX Date Pickup Required... 02092023 »Program Mode... Day of the Week...

This program loads either the Ocean/Air or Logistics Model Order Entry System with repetitive customer shipment information for those customers setup in table OD-ONR as regular/daily shippers. Leave Service Center field BLANK to load for all.

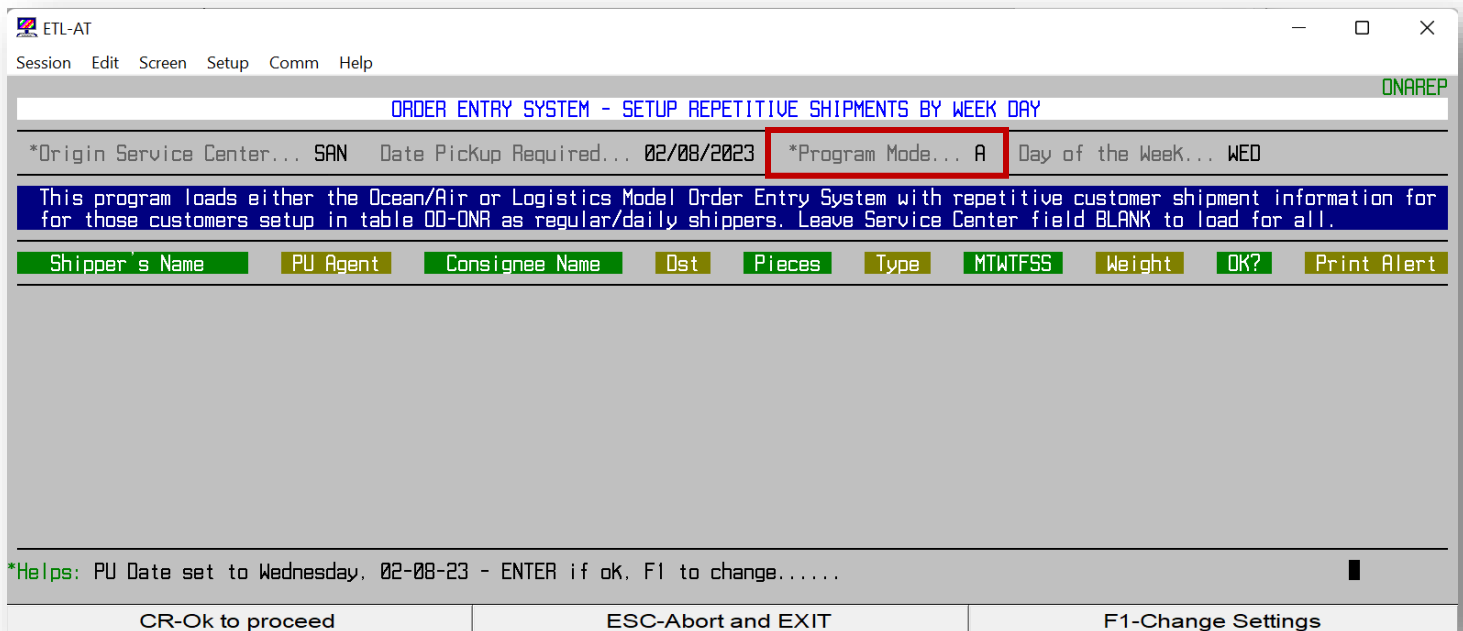

Shipper's Name	PU Agent	Consignee Name	Dst	Pieces	Type	MTWTFSS	Weight	OK?	Print Alert
----------------	----------	----------------	-----	--------	------	---------	--------	-----	-------------

Repetitive Shipment Orders

6. Select Program Mode: A or B

NOTE:

- **Program mode A** – Automatic will create pickups for all Shippers configured with the matching day of week flags.
- **Program mode B** – Manual will allow the user to select which Shippers to create pickups for out of the same list of matching day of week flagged customers.

ORDER ENTRY SYSTEM - SETUP REPETITIVE SHIPMENTS BY WEEK DAY ONAREP

*Origin Service Center... SAN Date Pickup Required... 02/08/2023 *Program Mode... A Day of the Week... WED

This program loads either the Ocean/Air or Logistics Model Order Entry System with repetitive customer shipment information for those customers setup in table OO-DNA as regular/daily shippers. Leave Service Center field BLANK to load for all.

Shipper's Name	PU Agent	Consignee Name	Ost	Pieces	Type	MTWTFSS	Weight	OK?	Print Alert
----------------	----------	----------------	-----	--------	------	---------	--------	-----	-------------

*Helps: PU Date set to Wednesday, 02-08-23 - ENTER if ok, F1 to change.....

CR-Ok to proceed ESC-Abort and EXIT F1-Change Settings

- This process is manual, there is no part of this that is scheduled for CRON to accomplish.
 - ⚠ Running a Wed today will only process today, it will not create pickups for future “Wed” dates.
